

FOOTBALL FIELD TURF IMPROVEMENT

Capital Campaign

SAFETY OF OUR STUDENTS

According to a five year study by the American Journal of Sports Medicine, a synthetic turf field vs grass analysis in High School athletics revealed the following:

- Synthetic turf reduced concussions by 44%
- Synthetic turf reduced ACL injuries by 33.4%
- Synthetic turf reduced serious injuries by 26.6%
- Synthetic turf reduced ligament tears by 33.4%

Communities around us that have or are installing synthetic turf at this time - Yoakum, Cuero, Edna, Runge, Kenedy, Three Rivers, Mathis, Refugio... as well as others.
